

Use Newbro's Herpicide IN TIME AND YOU WILL NEVER NEED FALSE HAIR

Wearing false hair is a harmless deceit of which many ladies are guilty. These women are all objects for sympathy rather than criticism. Early neglect in the care of the scalp has caused the loss of so much hair that their personal appearance is sadly marred. To correct this defect they resort to artificial hair, hoping by so doing to hide the results of their earlier inattention to the details of their toilet. These unfortunate are deceiving no one but themselves as no artificial hair no matter how costly, ever has the snap and luster nor can it be made to look as pretty and attractive as natural hair.

that it finally loosens and drops out. There is a preparation, sold and guaranteed by all dealers, the intelligent use of which will kill the dandruff germ. It cleanses the scalp of all accumulations and makes the hair shine with the luster of life and beauty. That remedy is Newbro's Herpicide, the Original Germicide for Dandruff. In no way can you add more to your personal charm and attractiveness than by the use of this remarkable and well known scalp prophylactic. On account of its astonishing merit and its delightful and exquisite odor, Herpicide finds users everywhere among all classes. It may be purchased in 50 cent and \$1.00 sizes at all drug stores and toilet goods counters. Applications may be obtained at the better barber shops and hair dressing parlors. Upon receipt of 10 cents in postage or silver to cover cost of packing and mailing, The Herpicide Co., Dept. S, Detroit, Mich., will send to any address a nice sample bottle of Herpicide and an interesting booklet on the care of the hair.

Reception Given Mr. and Mrs. Charles Bailey by Grange.

The reception for Mr. and Mrs. Charles Bailey, given by the Grange, was one of the pleasantest occasions of the season. The village hall was beautifully decorated under direction of Mrs. L. S. Spear, who had it in charge. Special notice is given to the help of the school children, several of whom had enjoyed Helen as a teacher. They strung maple leaves so there were several rows around the hall and they gathered flowers and boughs. It was indeed very pretty. An interesting program was first in order. The presentation was made by Rev. George Perry and very prettily responded to by Mr. Bailey. Music for the dance was by Mrs. Cook and Mrs. Eastman of West Fairlee. Fred Worthley and Helen and Harry Worthley of Bradford came over for the evening. There was a large gathering for such a stormy night.

Rally day was observed at the Congregational church last Sunday. A nice program was given and music furnished by the male quartet. Mr. Perry spoke from the text, "Lay not up for yourselves treasures on earth, where moth and rust doth corrupt." He gave a nice sermonette for the children, but one all could apply.

Mr. Childs of Corinth is stopping in town, teaching music.

Mr. and Mrs. W. B. Tuller and Harrison and Mr. and Mrs. John Sleeper recently visited Mr. and Mrs. E. P. Brown in Cornish Flat, N. H. They found Mr. Brown able to be about.

Says Vinol Creates Strength

Rosary Hill Home, Hawthorne, N. Y.—"I have used Vinol for many run-down, weak or emaciated patients with benefit. One young woman was so weak and ill she could hardly creep to my door for aid. I supplied Vinol to her liberally and in a month I hardly recognized her. She was strong, her color charming and her cheeks rounded out."—Mother M. Alphonso Lathrop, O. S. D.

We guarantee Vinol to sharpen the appetite, aid digestion, enrich the blood and create strength. Red Cross Pharmacy, Floyd G. Russell, Prop., Barre; also at the leading drug store in all Vermont towns.—Adv.

How to stop dandruff and loss of hair with Resinol

Here is a simple, inexpensive treatment that will generally stop dandruff and scalp itching, and keep the hair thick, live and lustrous:

At night, spread the hair apart and rub a little Resinol Ointment into the scalp gently, with the tip of the finger. Repeat this until the whole scalp has been treated. Next morning shampoo thoroughly with Resinol Soap and hot water. Work the creamy Resinol lather well into the scalp. Rinse with gradually cooler water, the last water being cold. All druggists sell Resinol Soap and Ointment.

SHORT-TIME FARM LOANS.

Personal Characteristics and Business Ability of Borrower Considered by Banker.

Department bulletin No. 409, "Factors Affecting Interest Rates and Other Charges on Short-Time Farm Loans," by C. W. Thompson, specialist in rural organization, gives the following discussion of the bearing that the borrower's personal characteristics have on his ability to obtain short-time loans on satisfactory terms:

"The borrower who is known to be a man of honesty and integrity and who shows ability and judgment in the conduct of his farm business will ordinarily command the confidence of his banker and obtain credit on terms relatively favorable for his class of loans, whereas the individual who is uncertain in his personal character, erratic in his judgment, and irregular in his business habits will be considered a less desirable risk and, if he obtains a loan at all, usually must pay a higher rate of interest. In any case, if credit is to be extended wisely, it is just as important to discourage its use among those who can not be trusted as it is to grant credit to trustworthy borrowers who will use the borrowed money profitably and repay it promptly.

"Oftentimes the borrower may be honest and upright in his intentions, but may fail to appreciate the importance of being prompt in meeting his obligations. Possibly he thinks that a few days after the date of maturity is soon enough to make payment, and that a little delay is unimportant. He may not stop to consider that extra work and expense are involved when notice must be given of overdue paper, or that bank examiners do not take kindly to notes that are overdue.

"Again, the business ability and business habit of the farmer are tested when the banker asks for a statement of the borrower's business. This information is needed by the banker as a basis for intelligent rating. If the borrower is in the habit of keeping accounts and can explain the nature of his resources and liabilities and thus indicate accurately his financial standing, the wisdom of granting a desired loan as well as the proper terms thereon readily can be determined. On the other hand, if this information is lacking and the banker is in doubt about the safety of a particular loan, he is likely to charge up his uncertainty to the borrower's account in the form of a higher rate of interest.

"The requirement that a borrower shall submit a statement of his business is being applied by bankers in their dealings with merchants and manufacturers. Accordingly, business men in general have become more or less familiar with this requirement, and are prepared to furnish such a statement whenever it is called for. Some bankers, in inaugurating a similar plan in connection with their farm-loan business, are supplying farmers with especially prepared blanks, or rate sheets, on which the farmers furnish the desired information."

Home-Made Candies.

A toothsome mixture—Put the following through a food chopper: one cup nut meats, one cup raisins, one cup dates, one cup puffed rice. Press the mixture into a tin nabisco box and place a weight upon it. It 24 hours it will be firm enough to cut into squares. Dip the squares in melted sweet chocolate.

Cherry Marshmallows—Soak four ounces of gum arabic in one cupful of the juice from maraschino cherries. When dissolved, strain through cheesecloth and put with one-half pound of powdered sugar. Boil in a double boiler until the mixture is thick. The usual test may be tried. Remove from the fire and dip it into the beaten whites of three eggs. Add one-half cup of chopped cherries. Dust a pan with cornstarch and pour the mixture into it. Let stand for two hours and cut into squares and dust with cornstarch and powdered sugar. Press a whole cherry into each square. Chocolate marshmallows are made by using water instead of cherry juice and dipping the squares into melted.

Persian fondant bars are made by placing layers of ripened melted fondant in a buttered pan. Pour a layer of chocolate into the pan and when cold pour a layer of white vanilla fondant, then a layer of pink fruit fondant and last a layer of green nut fondant. When cold cut into bars.

Orange Cubes—Soak two ounces of sheet gelatine in one cup of water. Boil one cup of orange juice and four cups of sugar. Add the gelatine and cook 20 minutes. Add one cup of chopped almonds and one cup of chopped figs. Turn into a greased pan and when perfectly

For candied peel, select smooth fresh skins of oranges or lemons. Scrape off as much as possible of the inner white skin, then when the skin is thin and clear cut into strips. Cook a thick syrup of sugar and water and simmer the peel in this. This process must be thoroughly watched and stirred to prevent burning. Take the peels from the pan and roll them in powder 1 sugar. A small fancy box filled with candied peel makes a delightful gift. Candied fruits are made by cooking cherries, dried pine-

apples, strawberries or segments of oranges in the same manner until they are firm and transparent. The candied fruits may be used if they are solid and whole. Mock candied cherries are made by cooking cranberries in a thick syrup until they are firm and candied.
